Dyslexia Friendly Classrooms: Safety, Structure and Support

Presented by Emily O'Connor, M.A.T., PDX Reading Specialist, LLC

Successful classrooms are inclusive classrooms, but what does that look like in practice? This presentation will focus on the ways traditional classroom settings can be truly “dyslexia friendly.” Drawing from her years of classroom experience, Emily will discuss overall guiding principles to bear in mind when designing an inclusive classroom environment. Emily will also share her tips and thoughts for parents and kids for how to successfully collaborate with teachers and specialists in order to ensure success in every learning environment.

Free Event and Parking

Support and Empowerment Program for students during the talk:

- For 5th & 6th graders - So Many Ways to Be SMART run by PDX Reading Specialist staff.
- For 7-12th graders - Kids Empowerment Group by the ORBIDA student panel & board members.

Teachers - Earn 2 Professional Development Units for \$20. Make checks payable to Lewis and Clark College. No additional paperwork necessary - certificates will be distributed at event.

Please RSVP at: <https://dyslexia-friendly-classroom.eventbrite.com>

Decoding Dyslexia Oregon is a grassroots movement driven by Oregon families and educators who recognized the need for conversations with our school districts and policy makers regarding dyslexia. We strive to raise dyslexia awareness, empower families to support their children, and improve resources for students with dyslexia in Oregon public schools.
