

# DECODING DYSLEXIA

I am **Leo**. I am nine. I do Jiu Jitsu. I am an artist. My favorite things to draw are dragons and mystical creatures. I work with a private Orton Gillingham tutor twice a week. I also go to summer camp at the Blosser Center. I have lots of friends and I enjoy fooling around. **I have dyslexia.**

**Dyslexia is real. MRIs show differences in brain function between dyslexics and non-dyslexics.**
