

DECODING DYSLEXIA

My name is **Todd**. I am 42 years old and I've worked at Nike for 20 years. I was fortunate to receive tutoring for many years before school. It wasn't until I graduated from high school until I learned I had dyslexia. I thought I went to tutoring because I was so smart! I enjoy leading people from diverse backgrounds to improve and move things forward, whether at Nike; as a board member at a school for disadvantaged youth or when working with contractors to remodel our old house. I have dyslexia.

Dyslexia is by far the most common learning disability.
